FULLY LOADED

Buying an iPod is easy, but loading your music one CD at a time can be mind-numbing. A handful of firms will do it for you: LoadPod.com charges \$1.49 per CD, or \$1.19 per CD for 500 or more; a local staffer will pick up and return your CDs and iPod. RipDigital.com charges \$1.29 each for 100 CDs; that drops to \$1 each after 250 CDs. But you'll have to ship the CDs to New York City yourself. **-J.F.**
